

SEEMA V. JERAJANI  
shows you how to  
rock a haute new  
look this season.

# NEW YEAR, NEW HEIGHTS

For those of you who've had your fill with make-up, why not try something with your hair for a change? Out with the old and in with the new, we say! This dramatic high bouffant is perfect with its combination of oomph and innocence. The look is all about contrasts — a dressy outfit, but no make-up; straight hair in the front but curls on top.
