

TRYST WITH A TWIST

Rhythm & blues

Bringing the hippie look back, hair is crimped with randomly placed blue extensions to match the mood. Make-up is in sync with this rockstar look, as rhinestones glimmer like voluminous lashes.

this trend with two
different looks.

Purple rain

Giving a new twist to the age-old tight crimps is this hot hue. An on-trend colour, purple goes global! Make-up is dusky but fresh with just a hint of glittery purple on the eyelids.
